OUR CORE SERVICES

1. Fiber Internet

Experience lightning-fast speeds and unmatched reliability. Perfect for homes, offices, and enterprises that demand high performance.

- Speeds to 1Gbps
- Uncapped and unshaped options
- Seamless streaming, gaming, and conferencing
- Coverage across major South African networks

We are proudly powered by leading networks such as Vuma, Frogfoot, MetroFibre, and Openserve

2. Fixed Wireless Access (FWA)

Reliable internet where fiber isn't available. Stay connected with high-speed wireless technology.

- Quick installation
- High-speed broadband without cables
- Ideal for remote areas and small businesses

3. VoIP & Cloud PBX Solutions

Cut your business call costs with Orbit's smart VoIP and PBX systems.

- Only R45/month service fee
- 45c per minute to all SA networks
- Includes Mobile App (Android & iOS) + Desktop Softphone
- Professional Desk Phones available
- Scalable Cloud PBX — manage your business calls anywhere, anytime

Empower your team with a modern, cost-effective business phone system.

4. Business Connectivity Packages

All-in-one solutions designed for SMEs and enterprises.

- Fibre + VoIP + PBX in one affordable bundle
- Dedicated account manager
- Priority support
- Flexible upgrade options

5. Home Internet & Smart WiFi

Transform your home into a connected hub.

- Fast, stable internet for streaming, gaming, and work-from-home
- Parental controls and guest WiFi access
- Smart WiFi extenders available
